

LINKABLE BASEBOARD TRIM

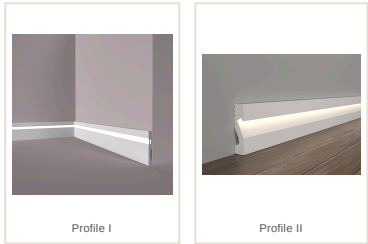

Covea II Linkable Baseboard Trim

Soft, even light spills from the base of the wall with the Covea II baseboard profiles, the LED strip fully hidden behind a slim trim edge. The fixture disappears into the baseboard, leaving only a warm wash of light along the floor to guide the eye without glare. It installs like standard millwork — no visible housing — and needs only a low-voltage connection, with sections joining seamlessly down a hallway or around a room. Architectural light that lets the space, not the fixture, take center stage.

FINISH OPTIONS ☒ White BTR01-03

PART #	BTR...-WH
NOTES	—

PRODUCT DETAILS

FAMILY
Covea II

PRODUCT TYPE
Linkable LED Baseboard Molding

MATERIAL
Polystyrene profile · White

MOUNTING
Baseboard line · installs like millwork

LOCATION RATING
Dry (interior)

CERTIFICATIONS
ETL Listed

LIGHT SOURCE (LED)

LIGHT SOURCE
Integrated 24V LED strip

LUMENS
350 lm/ft

CCT
Warm White

CRI
90 CRI

DIMMABLE
Yes (24V driver)

INPUT VOLTAGE
24V DC

INSTALLATION

INSTALLATION
Runs along the baseboard; join sections for continuous glow

WIRING
Low-voltage (24V driver, sold separately)

LINKABLE
Yes — join into continuous runs

CONTROL
24V dimmable driver

FIELD ADJUSTABLE
Cut / join to length
