

GRAND CHANDELIER

Alden 9-Light Chandelier

Nine candle arms spread wide across a squared frame, giving the Alden 9-Light Chandelier a grand, gallery-scale presence for a large room. Built for a two-story foyer, great room, or over a long dining table, it fills the space with warm, layered light from every angle. The wide, squared-off arrangement gives it real visual weight without a single oversized shade, and the long chain and wire drop to suit a tall ceiling — a true statement piece that anchors the largest room in the house.
