

CHANDELIER

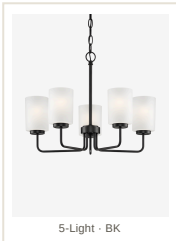

Alden 3 & 5-Light Chandeliers

Slender candle arms fan out from a center stem, giving the Alden Chandeliers a light, airy silhouette. The 3-light suits a breakfast nook, small dining table, or entry, while the 5-light fans wider for a fuller, more traditional presence over a standard table — warm light spreading evenly in every direction rather than pooling straight down. Each arm carries its own opal glass shade, and the adjustable chain sets the drop for a standard or vaulted ceiling. A graceful centerpiece that anchors everyday dinners and gatherings.
