

LED FLUSH MOUNT

# Dew Integrated-LED Flush Mounts

Clean round panels sit low and flush to the ceiling across the Dew flush mounts, spreading a warm, even glow edge to edge without the bulk of a hanging fixture. The 5- and 6-in. sizes tuck into a closet or hallway, the 12- and 18-in. light a bedroom or office, and the 20-in. anchors a mid-size living room. Integrated LEDs mean no bulbs to replace — a versatile fixture that lights everyday rooms cleanly and consistently.
