

MULTI-LIGHT PENDANT

Elion Multi-Light Pendants

Slim tube shades multiply into a bold statement in the Elion Multi-Light Pendants. The 4-Light lines four Black shades in a clean linear row over a long island or dining table, while the 12-Light clusters into a dramatic oval for a great room, stairwell, or double-height entry. Both bathe the space in a warm, layered glow, turning the ceiling into architecture of its own.
