

WINDOW BLIND

Faux Wood Venetian Blind

Wide faux-wood slats give the Faux Wood Venetian Blind the warm look of real wood with the durability to hold up in kitchens and baths. Tilt the slats to angle daylight in or close them for privacy, and raise or lower the blind on a simple corded lift. Moisture-resistant and easy to wipe clean, it mounts neatly inside or outside the window frame in Natural Wood or White.

ORDER CODE

Order code / SKU: CC-268B2 Natural Wood (4090003) · CC-268B3 White (4090001) · CC-268B4 Natural Wood (4090002). Corded tilt + lift, inside/outside mount. △ Specs pending vendor — no slat width / drop range in PIM; sizes made-to-measure. △ Per-record feature bullets are inconsistent (B3 reads 'fabric shade', B4 'woven wood') — built to the collection (faux-wood venetian); confirm.
