

WOOD-LOOK FLOORING

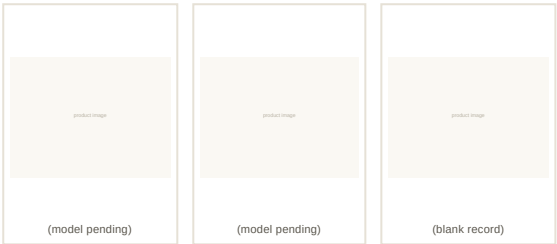

Flooring — Pending Décors

These records sit in the same 3810-series flooring block as the Series 270 / 3001 / 76039 / 15050 décors but arrived without enough data to place them on a specific line. They are collected here so nothing is lost — each needs a vendor model number, a décor image, and specs before it can ship.

ORDER CODE ⚠ SKU 3810073 and 3810074 have a 7-digit house SKU but NO model number, NO title and NO Primary image — almost certainly additional flooring décors from one of the 270/3001/76039/15050 lines; vendor décor number, image and specs pending. ⚠ One record (Airtable id recSe3AntphH35hon) is completely EMPTY — no SKU, model, title or image; carried here as a placeholder pending data entry. Do not ship until populated.
