

LAMINATE FLOORING · 3001 SERIES

Laminate Flooring — 3001 Series

Wood-look laminate planks bring warm, natural-grain flooring to living spaces, hallways, and bedrooms at an approachable price. A photographic décor layer over a dense fiberboard core is sealed under a tough clear wear surface that stands up to everyday foot traffic, pets, and furniture. The 3001 series offers five coordinated décors so you can match the plank tone to the room. Full construction specs — wear layer, thickness, plank size, AC rating, and coverage — are pending vendor confirmation.
