

WALL SCONCE

Marcelle Alabaster Wall Sconce

A round, stone-look alabaster shade gives the Marcelle Wall Sconce a soft, organic silhouette against the wall. Warm, diffused 90-CRI light glows gently through the natural stone rather than casting a hard beam, flattering the wall beside it. Its compact disc profile sits close to the wall — mounted singly beside a bed, in a pair flanking art, or spaced down a hallway — in Satin Gold or Black.

FINISH OPTIONS Satin Gold SG Black BK
