

SITE · BOLLARD / AREA POLE

Metro Bollards & Area Poles

Warm, low-glare light rises from the Metro family, guiding steps along a path, driveway, or garden bed after dark. Compact square bollards suit a modern landscape and keep the beam close to the ground, while taller round bollards and twin-head area poles deliver more reach for larger properties and longer runs. Durable, powder-coated aluminum built to make the yard beautiful after sunset, season after season.

FINISH OPTIONS ● Black BK

PRODUCT	Metro Bollards & Area Poles
LOCATION	—
DATE	—
PART #	LT9415 / T- / C- series
NOTES	—

PRODUCT DETAILS
