

WALL SCONCE

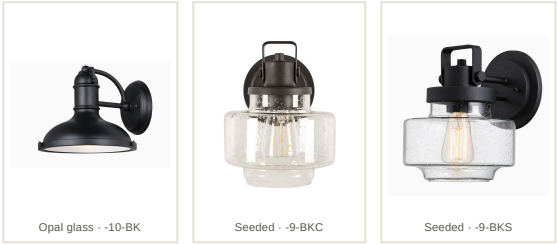

Owen Wall Sconce

The Owen Wall Sconce brings warm, modern presence to a hallway, bedside, or living-room wall. Its metal shade and glass diffuser cast a gentle, diffuse glow that softens the room and frames the wall. Mounted on its own or in pairs, it sits cleanly at eye level as a finishing accent. Offered in Black with a choice of opal or seeded glass.

FINISH OPTIONS ● Black BK

Round · Black

VARIANTS & ORDERING

	FINISH	SKU	PART #
	● Black	2190002	OWEN-WS1-10-BK
	● Black	2190001	OWEN-WS1-9-BKC
	● Black	2190007	OWEN-WS1-9-BKS

ORDER CODE Order by 7-digit SKU. OWEN-WS1-10-BK (2190002) opal / milk glass · OWEN-WS1-9-BKC (2190001) & OWEN-WS1-9-BKS (2190007) seeded glass. 1-light, 500 lm, 3000K, Medium E26/A19 (bulb not included, 60W max), dry-rated, ETL Listed. Δ PIM spec block lists “(3) 60W bulb included” and 16” W × 8.5” H × 16” depth for all three — this conflicts with the single-socket / bulb-sold-separately feature bullets and the pictured single-shade sconce; dimensions appear templated — verify per variant.
