

1-LIGHT UP/DOWN SCONCE

Pioneer 1-Light Up/Down Sconce

Frame a doorway or fireplace wall with warm up-and-down light from the Pioneer 1-Light Up/Down Sconce. Its slim metal cylinder throws a soft glow both above and below the fixture for a tailored, architectural accent, without a shade to dust or replace. Compact enough to mount in a tight hallway or flank a mirror in pairs, it delivers the same paired-beam effect as its 2-light sibling in a smaller footprint. Offered in White, Black, Slate, and Bronze, in fixed 3000K warm white or a selectable-CCT option.

FINISH OPTIONS  White WH  Bronze BZ  Black BK  Slate SL
