

COMMERCIAL CEILING FAN

Raven 65-in. Commercial Ceiling Fan

Move serious air across a patio, garage, workshop, or open bay with the Raven 65-in. Commercial Ceiling Fan. A wide 65-inch span and eight engineered blades on a high-velocity reversible DC motor push a strong, steady breeze through large, high-ceiling spaces where a standard fan can't keep up. Damp-rated for covered outdoor duty and slope-ceiling ready on the included downrod, with convenient at-the-switch wall control — in Brushed Nickel or Black.
