

BACKLIT SMART LED MIRROR

Reflekt Smart LED Mirrors

Clean, frameless lines and a slim ring of backlit LED glow give the Reflekt smart mirrors a sleek, spa-bright presence above the vanity. Even, shadow-free light washes the glass for grooming, selectable color temperature shifts warm to cool, and a built-in touch display puts controls right on the mirror. 90+ CRI keeps color true for makeup and shaving, and the damp rating handles bathroom humidity. Several sizes fit a powder room up to a wide double vanity.
