

WINDOW SHADE

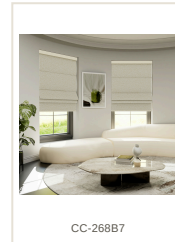

Roman Shade

The Roman Shade brings room-darkening light control and privacy to bedrooms and dens, its soft folded fabric drawing up into clean horizontal pleats and letting back down to cover the glass fully. A tailored treatment that fits neatly as an inside or outside mount.

FINISHES, SIZES & ORDERING

	FINISH	CODE	OPACITY	PART #
	 Gray	GRY	Room-darkening	CC-268B6
	 Cream	CRM	Room-darkening	CC-268B7

ORDER CODE Order code: CC-268B6 (Gray) · CC-268B7 (Cream). ⚠ Specs pending vendor — no dimensions/fabric weight in PIM. ⚠ Copy inconsistency: the Cream (CC-268B7) feature bullets describe a 'honeycomb cellular shade' while the record is a Roman shade — reconcile. ⚠ Model CC-268B7 is reused by the Shangri-La sheer (3690005).
