

OUTDOOR WALL LANTERN

Sierra Outdoor Wall Lanterns

Classic cage-frame styling defines the Sierra outdoor wall lanterns, built to anchor a front entry, garage, or porch. Warm light glows through clear glass panels beside the door, setting a traditional, timeless tone that pairs with brick, stone, or painted siding. From a compact 13-in. for a modest porch to a commanding 22-in. for a two-story entry, each mounts solo or in a matched pair — durable styling that welcomes guests home after dark.
