

FLUSH MOUNT

Verre Flush Mounts

A drum of clear glass shades wraps the Verre Flush Mounts in a clean, rounded silhouette that sits close to the ceiling. Warm, diffused light spills evenly into the room below, softened by the glass rather than left exposed, so there's no glare to look up into. The low profile is built for rooms where a hanging fixture won't clear the space — a hallway, bedroom, closet, or low-ceilinged room. Two sizes, 15-in. and 19-in., both in Black.

FINISH OPTIONS ● Black BK
