

CHANDELIER

Verre Tiered Chandeliers

Layered glass and crystal discs cascade down a slender stem, giving the Verre Tiered Chandeliers a dramatic, sculptural silhouette. Warm light glows softly through the stacked panels, casting a gentle shimmer across the room rather than a single bright source, so the fixture itself becomes the focal point. The generous drops suit a two-story foyer, stairwell, or great room with high ceilings, while the slim stem keeps the profile light. Four heights — 27, 34, 43, and 47 inches — all in Black.
