

CORDLESS ZEBRA SHADE

Cordless Zebra Shade · Deep Tones

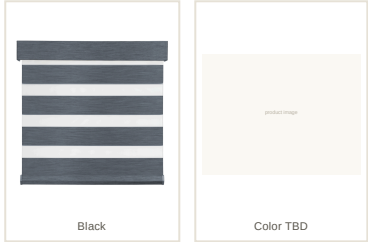

Take control of daylight and privacy with the Cordless Zebra Shade. Alternating sheer and solid fabric bands filter harsh sun into a soft, even glow while preserving the view, then align to block light for a darker room. The cordless lift is child- and pet-safe and glides with one hand, mounting cleanly inside or outside the frame — with motorized remote operation on select colors.

FINISH OPTIONS

Charcoal Gray CHG

Black BLK

Color TBD —
