

WALL SCONCE

Zina Wall Sconce

A cylindrical lantern shade gives the Zina Wall Sconce a clean, modern silhouette beside the mirror. Warm light glows softly up and down the wall, adding balanced, glare-free illumination that pairs naturally with the rest of the Zina vanity lights. Sized to flank a mirror in a matching pair or stand alone above a powder-room sink, the sconce keeps the same straight-lined, contemporary profile throughout the bath. Finished in Brushed Nickel or Black, it rounds out a coordinated vanity lighting plan.
