

LINEAR CHANDELIER

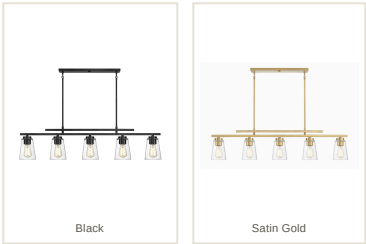

Haily Linear Chandelier

A row of tapered cone shades stretches along a slim linear frame, giving the Haily Linear Chandelier a clean, modern silhouette. Warm, filament-style light spills evenly down a long island or dining table, avoiding the single hot spot a round fixture can leave behind. Its horizontal profile is built to run parallel to a countertop or table edge, and a compact canopy keeps the ceiling line simple. Integrated LED means long life with no bulbs to replace — a streamlined bar of light for the length of the room, in Black, Brushed Nickel, and Satin Gold.

FINISH OPTIONS ● Black BK ● Brushed Nickel BN ● Satin Gold SG
