

LIFE SAFETY · EDGE-LIT

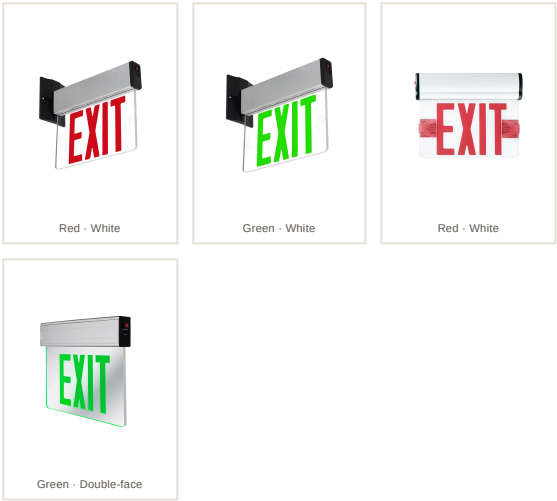

Haven Edge-Lit LED Exit Sign

Even, edge-lit illumination outlines every letter and stays crisp and legible from clear across a room. A slim glass panel runs on low-wattage LEDs, mounts flush for a clean, unobtrusive profile above any doorway, and switches to backup power the instant electricity fails. Offered with a red or green legend in a White or Seeded Glass panel, single- or double-face, with 0–10V dimming on the newer models.

FINISH OPTIONS ☐ White WH ☐ Seeded Glass SG
