

CHANDELIER

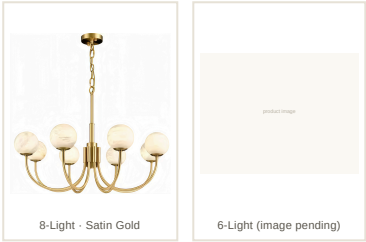

Jupiter Globe Chandelier

Globe shades ring the frame of the Jupiter Chandelier, giving it a bold, sculptural silhouette that catches the eye from across the room, even unlit. The lights fill a dining room, entry, or great room with a warm, layered glow from every angle rather than one direct beam, and the Satin Gold finish adds a soft shimmer to the globes. Two scales — a 25.6-in. 6-light for a standard table and a wider 31.5-in. 8-light for a larger room or two-story foyer — each anchor the room and turn dinner into an occasion.

FINISH OPTIONS Satin Gold SG

PRODUCT	Jupiter Globe Chandelier
