

CHANDELIER

# Kindle 9-Light Chandelier

The Kindle 9-Light Chandelier is the boldest piece in the collection — an open metal frame studded with nine clear-glass shades that hangs like a crown over a dining table, entry, or two-story stair. Warm 3000K light layers through the glass for a generous, sculptural glow without a heavy body to block the view. An included chain sets the drop for standard or vaulted ceilings, and three finishes — Brushed Nickel, Satin Gold, and Black — tie it into the wider Kindle family.
