

WALL SCONCE

Kindle Wall Sconce

A single clear-glass shade on a clean backplate gives the Kindle Wall Sconce a compact, modern profile that coordinates with the matching Kindle vanities. It throws a soft, warm 3000K glow that layers light at eye level without glare — mounted in a pair to flank a mirror, or on its own down a hallway or beside a bed. Three finishes — Satin Gold, Brushed Nickel, and Black — tie it into the wider Kindle collection.
