LHB Linear LED High Bay

Light a warehouse, gym, or big-box ceiling with the LHB Linear High Bay. Field-selectable wattage lets you dial in the right output for the space without stocking multiple SKUs, and 3-CCT selectable color temperature adapts the light to the task. The slim, low-profile housing mounts easily to a standard grid, chain, or cable, and 0–10V dimming ties it into building controls — a commercial fixture in White built to perform shift after shift.
