

LINEAR CHANDELIER

Elara Linear Chandelier

A long Antique Brass bar casts an even, warm glow the length of an island or dining table, anchoring the space with quiet confidence. The Elara Linear Chandelier hangs low enough to feel intimate without crowding the sightlines across the room, its clean lines and ribbed art-glass shade reading as modern and refined. Two lengths — a 48-in. for a standard island or narrower table and a generous 64-in. for a long run of counter — turn the ceiling into a focal point. A striking piece for the heart of the kitchen or dining room.
