

FILAMENT LED BULB

Eddie Vintage Filament Bulbs

Warm light glows through an exposed spiral filament in every Eddie bulb, the clear glass putting the coil on display rather than hiding it behind a shade. Built for open pendants, chandeliers, sconces, and bare-bulb fixtures where the bulb itself is the design, each shape casts a soft, amber-toned glow that reads as old-world character. Four classic shapes — the pear A19, the teardrop B11, the flame C11, and the round G25 — cover medium (E26) and candelabra (E12) sockets, all drop-in LED replacements with no rewiring. Vintage style with modern LED efficiency and life.

FINISH OPTIONS

Clear A19

Clear glass

PRODUCT DETAILS

FAMILY
Eddie
PRODUCT TYPE
Decorative Filament LED
BASE / SOCKET
E26 / E12 (see table)
BULB SHAPE
A19 / B11 / C11 / G25 (clear filament)
DIMMABLE
Dimmable
CERTIFICATIONS
ETL Listed

PERFORMANCE

CCT
~2200K (warm amber)
INPUT VOLTAGE
120V
LIFESPAN
~15,000 hrs

DIMENSIONS

BULB INCLUDED
Bulb only (this SKU)
