

CLUSTER CHANDELIER

Gila Cluster Chandeliers

Confident, modern style defines the Gila Cluster Chandeliers. A compact open frame gathers three or five cylindrical glass shades into a tight globe cluster that delivers a generous, warm glow with real sculptural presence over a dining table, entry, or two-story stair. Scaled tighter than the Gila rings, the cluster reads as a statement centerpiece without a wide footprint, coordinating across the collection in Chrome, Black, and Satin Gold on included A19 bulbs.
