

RING CHANDELIER

Gila Ring & 9-Light Chandeliers

An open ring frame studded with cylindrical glass shades gives the Gila Ring Chandeliers a sculptural yet airy presence overhead. Warm, layered light washes a dining table, entry, or great room without a heavy body to block the view, in crisp transitional style that coordinates across the Gila collection. Three and five-light rings suit a standard table, while the nine-light commands a stairwell or grand dining space — the boldest piece in the line. All at a warm 3000K on included A19 bulbs.
