

XL FLUSH MOUNT

Dawn XL Flush Mount

Light up a large bedroom, living room, or open hallway evenly with the Dawn XL Flush Mount. Its wide, low-profile drum sits tight to the ceiling and spreads warm light corner to corner without a single shadow or hot spot. The oversized silhouette reads as a quiet architectural line overhead rather than a fixture, and it mounts snug where headroom is tight. Two sizes — a 24-in. for a mid-size room and a 32-in. for a great room — in Black or Brushed Nickel give broad, even coverage from one central point while keeping the ceiling line clean.

FINISH OPTIONS

Brushed Nickel BN
