

BATH / VANITY LIGHT

# Dawn Linear Vanity Light

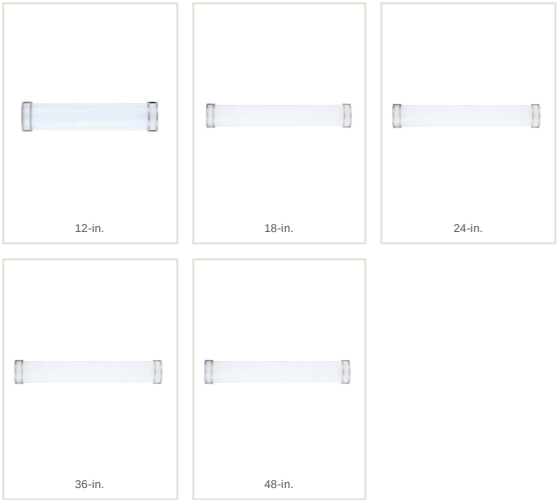

A long, slender bar of light spans the mirror for the Dawn Vanity Light, giving the vanity a clean, linear glow. Warm, even light washes the counter without casting shadows across the face, making it easier to shave, apply makeup, or simply see clearly first thing in the morning. The low-profile bar mounts flush above the glass and skips a bulky shade, so it reads as a quiet architectural line rather than a fixture. Six lengths — 12 to 48 in. — cover a powder room to a wide double vanity, all in Brushed Nickel at a warm 3000K.
