

WALL SCONCE

Dawn ADA Wall Sconce

Understated, ADA-friendly styling gives the Dawn Wall Sconce a low-profile look that flanks a mirror without jutting into the walkway or bumping an elbow. Warm, glare-free light spills softly across the vanity, filling in shadows for shaving and makeup without washing out the room, and an onboard switch tunes the color from warm to cool. Its shallow pocket-style housing sits close to the wall, so it works equally well beside a mirror or along a narrow hallway. Mounted in a pair, Dawn finishes the bath with a neat, coordinated glow.
