

BATH FAN · FAN + LIGHT

Claera Bath Fan + Light

Clear the air fast with the Claera Bath Fan, moving moisture and odors out of a standard bathroom on a quiet, efficient motor that won't drown out conversation. A built-in 14W LED adds a warm, everyday glow — 1,000 lumens — so the fixture doubles as ceiling light and exhaust in one, simplifying install in a tight bath. Finished in gray to blend into most ceilings, its round IC-rated housing mounts cleanly overhead on a 4-in. duct. Two airflow ratings — 80 CFM and 100 CFM — both damp-rated for bathroom humidity.

FINISH OPTIONS

Gray GR

PRODUCT DETAILS

FAMILY
Claera

PRODUCT TYPE
Round Bath Exhaust Fan + LED Light

MATERIAL
Galvanized-steel housing · polymeric grille

MOUNTING
Ceiling · Hardwired (4-in. duct)
